

## Super Spars M7+ continues domination at 2008 420 Worlds

### 420 Worlds 2008 Results — Overall

A remarkable performance was achieved by sailors using Super Spars M7+ masts in the recent 420 Worlds in Greece, with over **60%** of the top **20** crews in both men's and women's competitions using M7+, compared to 14 crews (35%) using Selden masts.

The top **3** crews (and **5** out of the top **7**) in the Gold Open fleet all used Super Spars masts.

In the women's competition this domination was even more marked with **all 5** of the top placed **20** crews using M7+ masts.

This surely proves beyond all doubt that Super Spars M7+ masts are the choice of 420 winners.
